

# EXPERIENCE

## Software Developer

2022 - PRESENT

Frontend Developer - UX/UI Design

- I specialized in responsive development and design, following UX/UI best practices.
- I optimized and maintained web projects, overcoming technical challenges to ensure proper functionality by integrating APIs.

## Municipality VCP - Environmental Department

2022 / 2023

Digital Designer - Audiovisual Technician

- I led the audiovisual department in the communication and outreach sector.
- I created advertising content for social media and tackled technical challenges within the sector.

## Prisma – 3D Printing and Designs

2020 / 2022

3D Technician/Modeler

- I led the maintenance and repair of FDM machines.
- I programmed and calibrated software, achieving greater precision and detail.
- I actively contributed to 3D design and modeling.
